Homebound Procedures

What is the Uniondale Public Library Homebound program?

The Uniondale Public Library has a Homebound program to reach those in our community who are unable to visit the Library due to chronic health issues.

Whose eligible to receive the Homebound/Library services?

Patrons who are residents in the Uniondale Public Library district and who cannot visit the Library due to illness or disability.

Homebound Procedures:

- To enroll in the program, you must first submit the following forms: Homebound application of which Part II must be completed by a Health Care provider, the Reader's Advisory form which would give us a selection tool to provide you with authors, titles or subjects that you enjoy reading.
- In addition to books, you can request DVD's, Books on Discs and music CDs. Please ask the Reference Librarian for assistance.
- Patrons will be called before scheduled deliveries. If the phone call is not acknowledged (answered or returned) delivery may be delayed or canceled for that cycle.
- If you are homebound, you may also be interested in our Digital Library and its collections, which include a variety of eBooks, audiobooks, streaming video, music, and much more.
- Once enrolled, the library will send a selection of books twice each month based on requests that are located in Nassau County Public Libraries.
- Patrons will be responsible for all items delivered once they are dropped off, whether they are left with a person or left at the door.
- When you are ready to return the books, we will pick them up for you, during the time that homebound delivery is on the schedule.

Any Questions? Please contact Reference at 516-489-2220 ext. 204, 205
